WINTER WHOLESALE PRICE - LIST

**Grafts, Apple Seedlings, Fruit
Tree Stocks, Hedge Plants,
Forest Tree Seedlings, Scions**

SURPLUS LIST NO. 2

Mount Arbor Nurseries

E. S. Welch, Prop.

SHENANDOAH, IOWA

Long Distance, Bell - - - TELEPHONES - - - Mutual No. 385

TO THE TRADE

In presenting our Winter Wholesale List I wish to thank our many customers for the liberal trade extended to us in the past and to assure you of our appreciation of your continued patronage, which we shall make every effort to retain.

We urgently request correspondence and trial orders from new customers, feeling confident that you will be pleased with our stock and method of doing business.

We have added to our equipment and plant until now we now have one of the most complete and best equipped nursery plants to be found anywhere, placing us in a position to give the best of service.

In issuing this list we desire especially to interest you in Apple Seedlings and Root Grafts. Our facilities for handling this branch of the business are unsurpassed; with our large force of experienced help, storage buildings designed and built expressly for this work, we are able to handle it in the best possible manner. Give us a trial and be convinced.

LOCATION AND SHIPPING FACILITIES

We are located in southwestern Iowa, fifty miles from Omaha on well drained up-land and have a fertile soil that cannot be surpassed in the United States. Three railroads (C. B. & Q., Wabash and K. & W.) afford competition in freight rates and a rapid and convenient shipping outlet in every direction. Two express companies (Adams and Wells Fargo) also give excellent service.

APPLE SEEDLINGS AND APPLE GRAFTS

Can supply most any grade of Apple Seedlings desired and will put up any style of graft to order. If we do not quote what you want write us stating grade of seedlings or style of grafts wanted.

FOR WINTER SHIPMENTS

We load all car lots in refrigerators and pack thoroughly in double paper lined boxes; enabling us to make shipments practically all winter. We can usually secure refrigerator loading for local shipments during the winter months.

CAR LOTS

We make up car lots of miscellaneous box orders to central distributing points, when possible to do so, giving customers the benefit of Car Load Freight Rates as well as better service.

STORAGE

Our modern storage buildings and superior equipment enables us to carry a large assortment of general nursery stock in storage from which shipments can be made at any time during the winter months, and as early in the spring as desired.

TERMS AND CONDITIONS

SHIPPING—Please give shipping directions, whether by freight or express, also route. If no directions are given we forward to the best of our judgment, without assuming responsibility, as all goods travel at purchaser's risk and expense.

PRICES—The prices named in this list are for the wholesale trade only, and are subject to change without notice and supercede all previous quotations on the stock offered herein. Should prices change either higher or lower during the season, the prices agreed upon at the time the order is accepted are expected to stand.

CAUTION—We accept all orders on the condition that they shall be void should injury befall our stock from frost, hail, fire or other causes over which we have no control.

CLAIMS—All claims for errors and deductions must be made within ten days after receipt of goods.

TERMS—To known responsible parties we extend the usual terms of credit. Orders from those whose financial standing we are not acquainted with must be accompanied by one-fourth cash or satisfactory references.

PACKING—GRAFTS BOXED FREE—On other stock we charge to cover cost. All packing carefully done in the best possible manner in paper lined boxes.

GUARANTEE OF GENUINENESS—While we exercise the utmost diligence and care to have all varieties true to name, and hold ourselves in readiness, on proper proof, to replace all trees, etc., that may prove otherwise, or refund the amount paid, it is mutually understood and agreed between the purchaser and ourselves that we shall in no case be liable for any sum greater than the amount originally received for said trees, etc., that prove untrue.

Treatment of Nursery Stock that has been Frozen in Transit

Place the package UNOPENED in a cellar or some such place, that is COOL but free from frost, until completely thawed. DON'T be in a hurry to open. The stock can remain in the package for two weeks or longer if necessary without injury. It is best to cover boxes over with sawdust, earth or something to exclude air.

Dec. 16, 1913.

FRUIT TREE STOCKS

Apple Seedlings

We have a fair supply of American Grown Apple Seedlings which have made up well, were grown on new land and are free from insects and disease; they were not dug until well ripened. We guarantee them to give satisfaction.

Prices and Grades as follows:

Heavy grade $\frac{3}{4}$ inch and up, straight.....	Code Ictus	} Prices on Appli- cation
No. 1, 3-16 and all up, straight.....	Code Ibex	
No. 2, 2-16 to 3-16, straight or branched.....		
No. 3, about 2 16 caliper.....	Code Idol	

100 Apple Seedlings, No. 1, 3-16 and up,
Straight Roots

100 Apple Seedlings, No. 1,
Straight Roots

We can furnish a grade of grafters, 3-16 and up in caliper, but not suitable for No. 1 grade. Price quoted on application.

Special grades made if desired.

All Seedlings packed very thoroughly in double paper lined boxes for which we charge to cover cost. We are prepared to get all orders off promptly.

Would be pleased to submit samples.

Native Plum Seedlings

We have a fine lot of Native Plum Seedlings in both No. 1 and No. 2 grades; the best stock for Americana and Chickasaw varieties of Plum and the Compass-Cherry Plum.

ROOT GRAFTS

Ever since the Mount Arbor Nurseries were established in 1875, growing Apple Seedlings, Apple Trees and making Apple Grafts for the trade and our own planting has been one of our specialties. For this work we employ only skilled labor and select the best of material. We use Orchard Scions as far as possible and vigorous healthy Seedlings, carefully selected when grading our blocks of seedlings.

All Grafts are carefully assorted and only the best of material used in orders, so that customers can depend upon getting a first-class article. Orders should be placed early to procure the best selection of varieties and to give the Grafts ample time to callous before shipment. After our Grafts are made they are tied in bundles of 100, each bunch carefully labeled and packed away to callous.

Our Piece-Root Grafts are made with a six-inch Scion and three and one-half inch Root, the same style that we make largely for our own planting- For Whole-Root Grafts we use the entire Seedling, either a straight or branched root as the customer may select. **Any style of Graft made to order.**

WHOLE ROOT GRAFTS

Some of our customers get best results from Planting Whole Root Grafts, which are made with a Scion about six inches in length and a branched or straight Seedling. We recommend a strong branched Seedling as it will usually give the best results. One customer advises his Whole Root Grafts put up on heavy branched Seedlings made 8 to 12 inches more growth than the Piece Root Grafts under the same conditions.

Grafts should be planted at the earliest date in the Spring the season will permit, in rows about three and one-half feet apart and seven to eight inches apart in the row. The ground should be plowed deep (in the fall preferred) and well prepared before planting.

Machine Wrapped Grafts

We have installed five Graft Wrapping Machines run with electric motor for wrapping Grafts. We have been able to do much better wrapping of the union of the Grafts and are confident the continuous machine wrapping will materially reduce the percentage of crown gall, which frequently develops about the union of Root and Scion in grafted Apple Trees.

George G. Hedgcock, Pathologist of the U. S. Department of Agriculture, conducted extensive experiments in his "field studies of the crown gall and hairy root of the Apple Tree," (See Bulletin No. 186 Bureau of Plant Industry) and according to his experiments there was a difference in percentage of crown gall of nineteen per cent. in favor of the continuous thread wrapping; aside from an increase in the stand of 10.2 per cent.

7000 Staymans Winesap
500 University
12000 Wealthy
4000 Windsor
1000 Wolf River
3000 York Imperial

We will have other varieties of Scions to offer later. Send us a list of wants.

SURPLUS LIST NO. 2

We are offering Special Prices on the following list of stock, practically all in storage, except large Shade Trees. We have a good assortment of Shade Trees in storage, from which shipments can be made at any time.

APPLES

Most of our Apples are two year cut-backs; having been cut back to the ground when one year old, and then grown two years longer. This method produces a tree with a strong root system, smooth body and of good height.

Our trees made an exceptionally fine growth the past season and we think are the best lot of Apple we have ever grown.

APPLE, 5 to 7 feet, 11-16 and up, \$8.00 per 100, \$70.00 per 1000.
